Vbeam® Perfecta proudly sponsors

The Vascular Birthmarks Foundation

The Vascular Birthmarks Foundation connects thousands of children and their families with physicians, leading to the diagnosis and treatment of hemangiomas and other vascular birthmarks.

The gold-standard Vbeam Perfecta is the most trusted brand in pulsed dye technology, known worldwide for being the only pulsed dye laser gentle enough to receive FDA clearance to treat infants.

CO2RE® proudly sponsors

The Joseph M. Still Burn Center

The Joseph M. Still Burn Center at Doctors Hospital in Augusta, GA, is the largest burn center in America, admitting more than 2,000 patients from across the nation annually, one-third of whom are children. Boasting one of the highest survival rates in the country, the center uses Syneron Candela's CO2RE system to dramatically reduce the appearance of burn scars, speeding up the process of psychological recovery.

UltraShape® & VelaShape® III proudly sponsor

Dress for Success

Dress for Success endeavors to raise the self-esteem of disadvantaged women, promoting their economic independence by providing professional attire, a network of support and important career development tools.

Syneron Candela is inspired by their mission, and we are proud to align our body-shaping devices with their cause.

GentleMax Pro® proudly sponsors

The Henry Jackson Foundation

The Henry Jackson Foundation is a global organization dedicated to advancing military medical research. Laser hair removal with Gentle Max Pro has had a significant positive impact on enhancing the quality of life for combat veterans who are amputees.

GentleMax Pro delivers safe, effective, permanent hair reduction for all skin types. With patented DCD™ cooling, it comfortably removes unwanted hair and reduces pigmented and vascular lesions.

elos Plus® proudly sponsors

Camp Discovery

Camp Discovery, a program of the American Academy of Dermatology, offers a one-of-a-kind experience for kids living with skin diseases. Every summer, children experience outdoor activities such as fishing, swimming, horseback riding, nature trails and more.

elos Plus offers treatment options that can help people of all ages face the world with confidence.

PicoWay® proudly sponsors

Project New Start

Alameda County Public Health Department

Project New Start helps at-risk young people make positive changes in their lives, with a comprehensive approach that includes the removal of gang-related tattoos.

PicoWay, the most advanced picosecond tattoo removal technology, provides faster and better clearance of tattoos—perfectly supporting the goals of Project New Start.
